

FITZ'S DEADLY FIST.

Con Rordan Dies Five Hours After Being Knocked Out.

"Lanky Bob" Out on \$10,000 Bail, Charged with Manslaughter.

Real Tragedy on the Stage in Jacobs' Theatre.

(Special to The Evening World.)

SYRACUSE, N. Y., Nov. 17.—For the second time within two years Syracuse has been the scene of a fatal termination of a sparring exhibition. The first was when "Joe" Dunfee, of this city, and J. Donovan, of Cleveland, O., met and the Western man was knocked out and died soon afterwards.

To-day "Bob" Fitzsimmons was held in \$10,000 bail for examination on a charge of manslaughter, having struck a blow on the stage of the Jacobs' Opera-House that resulted in the death of "Con" Rordan, of California, his sparring partner.

knocked out. Joseph Dunfee, the local sparrer whose blow killed Donovan on Aug. 5, 1892, put on the gloves for a two-round set-to with Fitzsimmons. In the second round Dunfee landed a right-hand blow on Fitz's jaw, resulting in a

clean knock down, the first Fitzsimmons declares, he was ever given. He was so dazed when he regained his feet that he could not see Dunfee's hand when it was extended at the call of time.

The injured man breathed his last at 1:30 o'clock this morning. After 3 o'clock he began to ruck rapidly, respiration growing fainter with every minute, until finally, with a few spasmodic convulsions, he died. The physicians, a few members of the company and Mrs. Fitzsimmons were present. It is claimed that Rordan

which knocked Rordan out, he said: "I have held the watch right along for Fitz and Con. I generally let the first round run about a minute and a half, and the second about 40 seconds, because Con is apt to become weak. Last night I had let them go for about 35 seconds, when I saw Con look at me and say something. I could not understand what he said, but did not believe that he wanted me to call time. Then I saw him sink to the ground after Fitz had hit him an easy blow. I thought he was taking this means to escape punishment. It's all the result of his drinking."

Dr. Tolman, when asked as to the cause of death, said: "The man was evidently suffering from a brain hemorrhage brought on by something more serious than drinking. The test which Dr. Tolman applied to ascertain Rordan's condition is one of the last resorts of medical science. He opened Rordan's eyelid and held a flame from a lighted candle to the pupil. There was absolutely no response."

Dr. Tolman filed the certificate of death this afternoon, and gives the cause of death as "hemorrhage within the cranial cavity, causing compression of the brain." The doctor says that Rordan must have been struck a terrific blow on the chin, which communicated with the base of the brain.

When in this city, Rordan stopped with a friend, Con Clark, bartender in J. J. Walsh's saloon, at Horatio street and Broadway avenue.

An "Evening World" reporter gave Clark the first news of Rordan's death. Clark was much surprised and deeply affected. He said that the pugilist had stopped with him when in town during the last three years. He had relatives at 10 Ellis street, San Francisco.

The dead man had been travelling with the Fitzsimmons Vaudeville and Specialty Company, giving exhibitions with Fitzsimmons. The company opened here on Thursday night. Rordan, it is claimed, had been drinking heavily. He gave evidences of his condition as he walked onto the opera-house stage, but he was allowed to enter the bout.

France Finds Traitors Within and Spies Without.

An Officer Arrested for Stealing Plans from the War Office.

German Deny Their Guilt, but Have Incriminating Papers.

(By Associated Press.)

PARIS, Nov. 17.—The France this morning publishes an interview with Gen. Mercier, the Minister of War, during which he is quoted as saying that no important documents were extracted from the War Office by Capt. Albert Dreyfus, recently attached to the General Staff, who is under arrest on the charge of betraying important French military secrets to the agents of foreign governments.

Gen. Mercier adds that only documents of secondary importance passed through his hands.

Schoenback and Von Cassel, the two Germans who have been arrested upon suspicion of being engaged in an extensive espionage campaign, were examined yesterday. They both denied being concerned in any conspiracy, and protested against their arrest. The papers seized at their residences, however, clearly demonstrate that they are guilty, and they are expected to be severely dealt with.

Has England Any Sort of Grievance Against France?

(By Associated Press.)

PARIS, Nov. 17.—The Journal this morning publishes an improbable story that the Ministers who attended the British Cabinet Council on Nov. 4, discussed the possibility of a declaration of war against France.

ITALY BADLY SHAKEN.

Much Damage by Earthquakes and Several Lives Lost.

(By Associated Press.)

ROME, Nov. 17.—The earthquake yesterday extended over a large area of Southern Italy, and in the provinces of Messina and Reggio di Calabria. Much damage was done in the towns of Messina and Reggio. One person was killed at Messina and a number were injured. The inmates of the prisons were panic-stricken, and many tried to escape. The prison guards had the greatest difficulty in preventing the prisoners from getting away.

Sixty earthquake shocks were felt at Reggio during the night and a number of houses suffered badly. Severe shocks were especially felt at Pals, Seminara, San Procolo and other towns in the Province of Reggio di Calabria.

In this province great damage has been done to property, and a number of persons have been killed and injured in addition to those who are known to have been killed and injured.

A landslide, caused by the earthquake, on the railroad near Bagnara, in the Province of Reggio di Calabria, stopped railroad traffic in that district.

The earthquake shocks were felt here and on the island of Ischia.

LONDON, Nov. 17.—The Westminster Gazette this afternoon, commenting upon the story of the Armenian massacre, called exclusively to the Associated Press early yesterday evening, saying: "Nothing but an Arab raid can compare with the brutality in Armenia, and in Africa, the victims are, at least, given the chance of slavery. The Porte has carried out none of its promises, and it is in the hands of the British Government to see that it does not repeat the same mistakes."

It is stated in giving a free hand to the Governors in Asia Minor and confining itself to sending out transparently false official communications. It must take the consequences, and the sooner it is told this the better."

A TREATY WITH JAPAN.

New Convention with Nippon Now Ready for Signature.

Japanese Courts to Try Foreigners at Treaty Ports.

Immigration Into the United States to Be Restricted.

(By Associated Press.)

WASHINGTON, Nov. 17.—The new treaty between the United States and Japan has been concluded in all its essential features, and it remains only to determine minor details and phraseology. The instrument has not yet been formally signed, and its actual execution may be delayed some days. The great questions involved are those dealing with the treaty ports and with immigration of Japanese to the United States.

As to the former, the Japanese feel that their judicial system is now conducted on such modern and enlightened lines that it can be safely trusted in the trial of cases arising at the treaty ports of Japan, in which Americans are parties. Heretofore the American Consular courts in Japan have tried these cases.

There is reason to believe that Japan's desires will be recognized in the new treaty. But as Japan wishes all countries to recognize this new judicial system at the same time, the treaty with this country will be the same as that recently concluded with Great Britain, providing that the jurisdiction of Japanese courts over treaty ports will begin several years hence, probably 1899.

As to the immigration of Japanese to the United States, recent official advice from Japan state that the Government will consent to any fair restriction this country wishes to impose, as the Japanese are said to have no anxiety to emigrate to this country in large numbers.

Aside from these special features, the chief significance of the new treaty will be in American recognition of Japan as one of the sisterhood of modern nations and entitled to the respect and privileges of other first-class powers.

Result of the Japanese Attack on Port Arthur to Be Known To-Day.

(By Associated Press.)

YOKOHAMA, Nov. 17.—The Japanese attack on Port Arthur was arranged to be made mainly by land, the navy rendering slight assistance. The result of the attack is expected to be known on Monday.

The native newspapers state that France has admitted that Japan's action in seizing the French steamer Sydney at Kobe was justified, and that the question is settled.

King Leaves American for Japanese Service and Chinese Interests.

(By Associated Press.)

SAN FRANCISCO, Nov. 17.—M. R. King, chief engineer of the Pacific coast division of the United States Geological and Topographical Surveying Department, has tendered his resignation, and he will at once enter the employment of the Japanese Government.

The representatives of the Chinese Government in this city were quickly made known of the engagement of Mr. King's services, and if such a thing is possible they will prevent his filling the place. There may be some interesting developments in the matter before the sailing of the next Chinese steamer.

NEARLY A MILLION LOSS.

Nottingham Lace for the American Market Goes Up in Flames.

(By Associated Press.)

NOTTINGHAM, England, Nov. 17.—The biggest fire in a quarter of a century, here has destroyed an extensive block of buildings in the lace market district. The flames broke out on the premises occupied by Browne & Co., who had large consignments of lace ready for shipment to the American market, all of which was burned.

The damage is estimated at \$750,000. Hundreds of people have been thrown out of work by the fire.
